## Your Certification Journey Passes Through Official eLearning

Embark on a transformative learning experience with **ITIL Official eLearning**, your pathway to achieving professional certification, at your own pace, from your own space!

**ITIL Official eLearning** is designed to empower you with a dynamic, flexible and personalised approach that enhances your engagement, empowers your skills and optimises your educational outcomes. Discover its full spectrum of opportunities.

### Why Choose ITIL Official eLearning?

- › **Flexibility at Your Fingertips:** Official eLearning isn't just a service; it's your customisable solution. Tailored to meet your individual learning needs, it adapts to your schedule and preferences, providing a unique and tailored learning experience that can be enjoyed in any location, anywhere in the world.
- › **Self-directed Learning:** Say goodbye to rigid timelines and take control of your education. You can choose your unique learning path, exploring resources independently and navigating the material at your own speed to select the depth of focus that suits you.
- › **Engaging Learning Playground:** Learning has never been easier. Online course materials and training modules include multimedia elements, interactive quizzes, and engaging activities, making your learning experience more enjoyable and effective. All available on desktop and mobile.
- › **Real-time Feedback and Progress Tracking:** Along with quizzes and other knowledge check activities, our Learning Process checklists help you check your understanding and identify areas for improvement.
- › **Unparalleled quality:** Developed by the custodians of ITIL and PRINCE2, our Official eLearning courses epitomise quality and relevance, ensuring that you are always learning from the most up-to-date materials and the latest versions.
- › **Customised to Your Needs:** Choose from different packages the one that meets your requirements and budget.
- › **Support when you need it:** Our team, in collaboration with our partners, is devoted to offering assistance throughout your journey.

### Start... eLearning!

Interested in kick starting your professional development journey with the **ITIL 4 Foundation Certification**? There are two eLearning options for you to choose from:

- **eLearning:** For self-paced learners seeking an engaging interactive eLearning experience to guide exam preparation.
- **eLearning+:** For self-paced learners in search of a comprehensive and interactive eLearning experience, backed by Official Mock Exams and Take2 to instill confidence in achieving exam success.
