WHAT IS ITIL 4 MASTER DESIGNATION?

The ITIL 4 Master designation is the highest level of achievement of the ITIL 4 certification scheme. It demonstrates the capability to apply ITIL principles, concepts, methods, and techniques in the workplace at strategic, tactical, and operational levels. This progression underscores a **deep commitment to ITSM excellence**.

An ITIL 4 Master understands business requirements, knows how to develop a clear strategy and plan, implements them using practical methods and tools, leads cross-functional teams to achieve growth and success for the organisation.

WHAT WILL YOU LEARN?

The journey to the ITIL Master designation is a structured pathway that **starts with the ITIL 4 Foundation** certification.

To achieve the ITIL Master designation you must achieve all three below designations:

ITIL Practice Manager	ITIL Managing Professional	ITIL Strategic Leader
------------------------------	-----------------------------------	------------------------------

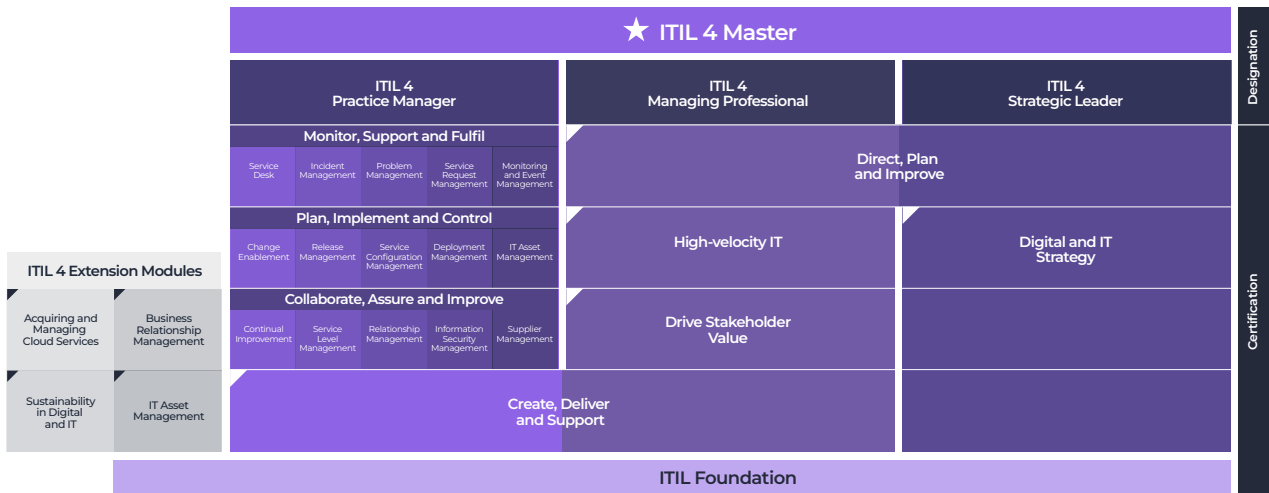

The ITIL 4 Master designation validates your skills, demonstrating that you have developed universal and diverse knowledge during your ITIL training and certification journey and have **mastered the full suite of ITIL competencies**.

The path to becoming an ITIL 4 Master includes a series of exams which assess your ability to understand, apply, and analyze many ITSM concepts, methods, and tools.

WHY BECOME AN ITIL 4 MASTER?

The ITIL 4 Master designation represents **the pinnacle of ITIL achievement**, showcasing your comprehensive understanding and mastery of IT Service Management principles, practices, and techniques. It's the **ultimate recognition of your expertise** and capability to drive organizational success through effective IT service delivery.

OFFICIAL ITIL 4 CERTIFICATION SCHEME

ITIL Foundation is a prerequisite for any ITIL 4 certification, except for the extension modules Acquiring and Managing Cloud Services, and Sustainability in Digital and IT that do not have any prerequisite.

ITIL 4 Managing Professional is awarded when the Create, Deliver and Support, the Driver Stakeholder Value, the High-velocity IT, and the Direct, Plan and Improve certifications are achieved.

ITIL 4 Strategic Leader is awarded when the Digital and IT Strategy, and Direct, Plan and Improve certifications are achieved.

ITIL 4 Practice Manager is awarded when the Create, Deliver and Support certification, and a) any FIVE individual practice-based certifications are achieved, or b) when the Create, Deliver and Support certification, and any ONE certification from the pre-bundled courses is achieved: Monitor, Support and Fulfil, Plan, Implement and Control, or Collaborate, Assure and Improve.

ITIL 4 Master is the highest designation, awarded when the ITIL Practice Manager, Managing Professional, and Strategic Leader designations are all achieved.
